

# RELIANT CLEANING **Steri-SAFE™**

## **COVID-19 DECONTAMINATION SYSTEM**

---

Our trained response team deploys our proprietary **Steri-SAFE™ COVID-19** decontamination system by disbursing medical-grade sterilant through what the CDC proclaims is one of “the most promising decontamination methods” for use against SARS-CoV-2 (the novel coronavirus that causes COVID-19) and other infectious diseases and is safe for humans, animals, plants, food, and electronics.

The **Steri-SAFE™** system was developed by trained professionals to give you peace of mind that your building has been properly disinfected.

We provide same-day **EMERGENCY** and ongoing service to help prevent the spread of COVID-19 and protect the lives of the people who make up our community.

### **Steri-SAFE™ DECONTAMINATION PROTOCOL**

- Rooms cleared of all personnel
- Test strips placed in strategic areas
- Technicians wear appropriate PPE
- Medical-grade sterilant administered
- Test strips checked to ensure full exposure
- Safe re-entry 20 minutes after service

**FOR SAME-DAY SERVICE, CONTACT OUR EMERGENCY RESPONSE TEAM AT (720) 519-5923**
